*Be a better tennis player today
than you were yesterday.*

The following classes are based on the USTA Net Generation criteria that the coaches will use to assess a student's ability to be successful as they progress through our program. We believe that a student's foundation is the most important aspect of their later success and that a protracted plan of developing a player at the beginning stages will yield a stronger, more flexible competitor. Therefore, we will keep kids using orange and green dot balls and on smaller courts for a much longer time than many programs. There are many techniques and abilities that take time to become second nature before real competition can begin. The more comfortable a player is with these fundamentals, the more accelerated their growth as they mature.

Level 1: Red

Ages 4-10 36' court, 21" racket or smaller

Using our red dot tennis balls, the goal of this class is to give players a fun and exciting introduction to tennis. It is a tennis-themed motor skills class where players will learn body control movements and some rally-based games that will help them develop into tennis players.

Level 1: Orange

Ages 5-10 36' court, 23" racket

Using the orange dot tennis balls, emphasis will be on having players rally together at the appropriate level. Some key techniques will be introduced, but focus will be on how to use these skills while rallying. A goal of this class is to ensure players have the ability to play points and rally with an opponent, which will ensure enjoyment and progression of skills.

Players should have a solid base of topspin before progressing to the green dot ball.

8:15-9:00 Member \$45 Non-Member \$60

Level 2: Orange/Green

Ages 8-13 36'/60'/78" court, 25" racket or larger

Continued use of the orange dot balls will be important in the development of techniques that will begin to open up more tactical options for players. The next step involves use of the green dot balls where the goal is to continue the rally-based approach to learning, but also allowing players to experience tennis on a full size court. Players will gain an understanding of the basic tactics and how to implement them against an opponent. The slightly slower balls allow for further tactical development and longer rallies for players.

Level 3: Yellow

Ages 11-18 78' court, 26"+ racquet

This class is for players (middle and high school) that have come through our junior development program and are getting ready for tournament and/or high school play. We will continue to develop skills around the whole court and personal game styles. Players should have confidence in most of their techniques and ability to develop tactics during point play.

10:30-12:00 Member \$90 Non-Member \$120

Level 4: Yellow

Ages 12-18 **Instructor approval required**

Students play multiple tournaments throughout the year at the Advanced level and play consistently for their varsity programs. Players are working hard to develop physical and mental stamina and become adept at executing the techniques of the modern game. Class is devoted to live ball drills.
